Mr. J. B. Moritz, Auditor,  
Elkhorn Piney Coal Mining Co.,

Dear Sir:-

Your order for Scrip System to be installed at your Stanford operation has been placed with the plant for prompt attention and we hope to be able to make delivery in time for May 15th., installation.

We are enclosing orders in duplicate for your Lowellton and Weeksburg operations. These we trust you will be in a position to release at an early date. It is our sincere conviction that you will find the system a great money and time saver- to say nothing of the additional service the plan will render over your present method.

The writer has given careful thought to the matter of different colored scrip for your operations, and is convinced that a separate identification mark cut through each store's scrip would offer a better means of distinction, since the same colored scrip might be in use at a nearby operation but not the same identification mark.

The writer thanks you for the courtesies shown him and for the return of his memo-book.

Cordially yours,

Att. Mr. L.J. O'Connor, Buyer,

Gentlemen:-

We return herewith your inquiry on Patented Metal Scrip with price and terms inserted, together with a rough sketch showing how the wording and the special design will appear on the scrip.

Your attention is invited to the fact that Mr. Ingle and the writer originated and introduced Patented Metal Scrip, having been in the Patented Metal Scrip business for sixteen years. We are fully qualified to take care of your requirements, both now and in the future, to your complete satisfaction.

The sample we enclose will acquaint you with the workmanship and care employed in the manufacture of our scrip. The utmost care is exercised in seeing that the lettering etc., is brought out uniformly, and that the finish is all that might be desired.

Moreover, we use the utmost care in accounting for every piece of scrip made up. We have never made a practice, for example, of sending out a piece of your scrip, to some other concern, as a sample. Were it not for this fact, we would have sent you a sample of scrip herewith with the special wording thereon, since we are now running through an order for The Consolidation Coal Co., Inc., The Pocahontas Fuel Co., The Kanawha & Hocking Coal & Coke Co., and others.

We shall be pleased to serve you and trust we may be favored with your order and if we are, you may rest assured of receiving Scrip that will be second to none in workmanship and appearance.

Very truly yours,

Gentlemen:

With reference to your letter of August 24,  
regarding the 5000 pieces of Patented Metal Strip, which  
you shipped to our Stamford Operation. We have advice  
from our Inspection Office that this strip is not as satis-  
factory as the old strip, for the reason that the replace-  
ment lot is all of the same color of metal, whereas the  
old strip was of brown and nickel color and such combination  
different.

Will you please advise what metals or colors the  
strip will be which you expect to ship to our Powellton

Dear Sirs:-

Two actions have been started against the Elkhorn Piney Coal Mining Company at Stanaford, West Virginia, in the Justice Court, arising out of the refusal of the Elkhorn Piney Coal Mining Company to redeem scrip in the hands of two local merchants. One of the suits was started by Baldwin, and the other by Holliday.

The cases were tried November 6th before the Justice, and in both of them judgments were rendered against the Elkhorn Piney Coal Mining Company. The Holliday cases was for \$300 and the Baldwin cases was for \$157.50.

McGinnis & McGinnis of Beckley, West Virginia, are defending us in both actions, and have appealed both cases to the December term of the Circuit Court of Fayette County, which begins December 7th.

We thought we ought to notify you in the event that any claim should be made that the scrip issued by you did not comply with the West Virginia law.

Yours very truly,

Mr. F. I. Shannon, Director,

Hibbard, Minn.

Dear Sir:-

Reference is made to letter of September 10th, relative to  
Hibbard Film Mail Company, Inc. being now for bringing the matter  
to our attention.

The request that the return for tax which a man should pay  
made by the two parties mentioned, was the action which was made  
as far as your client and should be conforming to the law which has  
not been kept in mind with them in order to the time that the  
one party may pay the other party.

If the action was taken on the part of the company the  
tax was paid, as we are not sure that the company will receive the  
taxpayers of the company.

Will you a copy of the letter to Mr. Boris Joff if not,  
we will be pleased to obtain a copy for you.

We trust you will inform us in due time as to the final  
outcome of these matters.

Very truly yours,

## GLOGORA COAL COMPANY

INCORPORATED

FIRST HUNTINGTON NATIONAL BANK BUILDING

HUNTINGTON, WEST VA., February 5, 1930.

The Osborne Register Co.,  
Cincinnati, Ohio.

Gentlemen:

We have your invoice dated  
January 16, 1930, and note there is a charge for six  
die set-ups at \$1.00 each or \$6.00.

We were under the impression  
that our original dies were taken over by you at the  
time you purchased the Insurance Credit System, as a  
consequence we do not understand this particular  
charge. We called your office ~~Saturday~~ while in  
Cincinnati and was told by the young lady in your  
office that she would have Mr. Osborne call us, but  
this he failed to do while we were there.

I wish you would let me have  
your reply as quickly as possible so that I may place  
this invoice in line for payment.

Very truly yours,

April 3, 1934.

Mr. Wm. H. Pritchard, Supt.,  
Long Beach Coal Company  
Long Beach, Cal.

Dear Sir:

We have not the pleasure as yet of receiving your authority to proceed with making up the lot of scrip pennies. It has been customary on an initial order, where the expense is involved, to make the same charge for all scrip, regardless of denominational value, but since you had been a user of the other denominations, we made you the special "repeat order" price.

It may be too, that segregated from the rest of the denominations that you may be locating the better of price, in your mind. Naturally the scrip pennies cost us out very little less, if any, than the other denominations. While slightly less material is involved, yet the actual handling cost is more.

If the average cost of scrip, as against the average face value of the scrip, is taken into consideration, you will readily see that you can use scrip pennies. True they may lose them more frequently, but it is likewise true that they do lose some of the other denominations, even though it be a fewer number. One Dollar piece, costing you 3¢ will, if lost, more than offset quite a few pennies that may have to be replaced.

We invite an expression from you and remain,

Cordially yours,

Ingle-Schierloh Company,

Dear Sir:-

On the next mail following the sending of our second "wire", we received your sample and immediately entered your order for 1150 pieces of PATENTED METAL SCRIP, for 1000 SHIPMENT.

I presume there was some delay in our receiving same due to the fact that you had the envelope addressed under the old name. Please correct your files in accordance with name and address at top of letter-head.

We are in need of additional PATENTED METAL SCRIP for the other stores, we shall be pleased to hear from you. By the way, will you be so good as to inform us, how many stores you are now operating and also give us their locations, so that we may have this information on hand.

It would also be advisable to furnish us with a sample of each store's scrip, so that we may also have these on hand in the event of future rush orders. We have a sample of Store No. 1 and of course also have No. 4's sample now.

We will ship No. 4 Store scrip via express to you c/o the company at Sullivan, West Va. Just as quick as Parcel Post and in view of the weight, believe it to be better.

DEAR Mr. Page:-

Your favor of the nineteenth instant, calling for 4000 pieces various WATER EXTRACTED SERIAL SCRIP for Store No.4 at Sullivan, just received. While the price quoted was promised on a supply of Scrip for all stores, with the same embossing and piercing, that quotation is permitted to stand just the same. Now concerning that delivery date request -- that's awfully short notice, BUT, if it's humanly possible to squeeze the order thru, we'll do it. At least you may depend upon our best effort.

Dear Mr. Pugh:

I want to assure you that we did, most earnestly and sincerely, try to get this shipment of Scrip to you by the time you wanted it, but we simply could not make it, notwithstanding the fact that other orders were side-stopped.

It usually requires thirty days or more to run an order thru in the regular process of development and while we did beat this time considerably, it did not, we regret, give you the scrip in time for November 1st installation.

It is hoped that we may be favored with your early instructions concerning the Scrip for the other two stores, since doubtless you will want the new scrip in effect by January first next. Others are beginning to crowd for that delivery already and we want to make certain, if possible, that on your next orders, you will have the scrip when you want it.

Assuring you of our deep appreciation of your business and wishing LILLYBROOK every success, believe us,

Gentlemen:

We are pleased to acknowledge receipt of your metal scrip order No. 57545, but regret to have to advise that we are not permitted to make any deliveries of metal scrip except on orders bearing a rating of A-1 J or better, but with this kind of rating we could make immediate delivery.

For the past several months we have been able to furnish items made of non-ferrous metals on orders with priority ratings as low as A-10, but several weeks ago the War Production Board raised the rating from A-10 to A-1 J or better.

We, of course, thought of the importance of coal production and street railway transportation to the war effort and we filed an appeal with the W.P.B. for a permit to continue making such items as metal scrip and metal fare tokens on orders bearing priority ratings as low as A-10, but our appeal was finally denied.

The only thing that we have to suggest is scrip made of hard vulcanized fibre. We have been supplying sales tax tokens made of this material to various states for the past several months; whereas all sales tax tokens were formerly made of metal — mostly aluminum. The wearing qualities of hard vulcanized fibre have proven very good. It, of course, is not equal to metal, but in all probability will last for the duration of the war.

As to price of fibre scrip, we have prepared a new graduated price list, which will show the average cost of scrip to be about 30% below the cost of metal scrip. However, on the initial order there will be an extra die charge of \$5. for each denomination. This is because a new set of dies will be required, which will have to be cut much deeper than your dies that were used for metal.

We are prepared to furnish fibre scrip in either green or red and it will be made in the same sizes as previously furnished in metal. Therefore, all Coal Companies having Scrip Issuing Registers will be able to issue metal and fibre tokens mechanically, same as before.

Yours very truly,

Dear Mr. Early:-

There about Miller's goods at Wagner Mines! On November 18th  
He stated he was running short on certain denominations and  
consequently which we wrote you.

We are completely at loss to understand why we have failed to hear  
from you regarding this. We trust we have not given offense in  
any way - assuredly none was intended.

Won't you relieve our mind by dropping us a line or two on this.

Thanks in advance.

We are prepared to take care of your requirements and would like very much to hear from you concerning this item as we have been at somewhat of a loss to understand why we have failed to receive the order inasmuch as the need existed.

Permit us also to take this occasion to extend to you our sincerest good wishes and to express the hope that you may enjoy a very merry Christmas as well as a prosperous New Year.

RE: Case of Thacker Coal & Coke Co. vs. Houston Coal Companies, et als.,  
pending in the Circuit Court of Mingo County, West Virginia

//////

The case being matured for hearing, the Court on July 15, 1935, entered a decree referring the cause to J. Brooks Lawson, a Commissioner of the court, to take evidence and report to court on sundry matters, including the assets of the Thacker Coal & Coke Company, the debts and liens against its property, and the order of their priorities. The Commissioner has given notice that he will begin his hearings on Tuesday, September 3, 1935.

We find in the bill of complaint filed in the Circuit Court of Mingo County, styled Thacker Coal & Coke Company v. Houston Companies, et als., an allegation reading as follows:

"That it is also the owner of a valuable leasehold, and upon which practically all of the permanent improvements of this plaintiff are situated, acquired under lease agreement between the defendant, Houston Coal Companies, as lessor, and this plaintiff, as lessee, bearing date October 28, 1933, and which contains in the aggregate approximately three thousand acres of land, and which said lease is attached hereto as part hereof, marked 'Exhibit No. 3'."

The records in the Clerk's Office show that on May 8, 1918, the Thacker Fee Company, a corporation, conveyed unto the Thacker Coal & Coke Company, a like corporation, nine several tracts of land, including interests in land situate generally on the watershed of Thacker Creek, and embracing supposedly about 3000 acres. This deed is of record in Deed Book No. 36, page 394. We do not find of record any deed from the Thacker Coal & Coke Company to the Houston Company, nor any lease from the latter company to the Thacker Company.

We saw Mr. Short in Cincinnati some time ago and discussed this matter with him, and he said that for the consideration of a part of the debts which the Thacker Company owed the Houston Company that the latter had conveyed the land to the Houston Company, and immediately thereafter took a lease from the Houston Company to the Thacker Company. We asked him if there were any notes evidencing the indebtedness mentioned in the bill of complaint, where it is averred that the Thacker Company is indebted as follows:

"Houston Coal Companies Royalty a/c  
Intercompany a/cs payable:  
Houston Coal Co.  
Houston Coal Companies  
Houston Realty Co.

208,883.93  
59,229.67  
250.00 \$268,363.60"

And he answered that there were not any notes; that this matter had been run as an open account, the Houston Company having advanced by check cash from time to time for twelve or fifteen years. It may be that a part of this account has expired by limitation. It is apparent that the attempt to transfer the land was either fraudulent, or at least voluntary.

On behalf of certain of the general creditors represented by us we propose to file an answer on behalf of these clients attacking the legality of the alleged deed from the Thacker Coal & Coke Company to the Houston Coal Companies, and to object to the payment of any rental upon the purported coal lease from the Houston Coal Companies as lessor to the Thacker Coal & Coke Company.

It seems to us that it is important that the general creditors, other than the Houston Companies, make a concerted effort along the line indicated.

GOODYKOONTZ & SLAVEN, ATTORNEYS.

Gentlemen:

Mr. E. C. Berkley, Supt. of the Youghiogheny & Ohio Coal Company, Van, W. Va. was in Saturday and asked us to order 3500 pieces of metal scrip with no pennies.

I would suggest the full name Youghiogheny & Ohio Coal Co. be around the outside and a large Y & O on the face of the scrip. This is what we think is possible. No cut out design. Price \$35.00 per 1000.

We would like to have the scrip so we can start on October 16th as they are running very low on present scrip.

Very truly yours,

*V. G. Paul*

Gentlemen:-

When we purchased our new scrip from Mr. Ingle, which was delivered to us in Aug. 1925, we asked if we would be allowed any thing for the old scrip which we had on hand, also purchased from him some time back. He told us that the reclaim value on the old scrip was not very much; but if new scrip needed then was purchased from him, he would allow the return on the old scrip on hand and allow us what credit we could for it.

We have gotten all of this scrip in now, by weight 16 pounds, and are shipping it to you to-day by express prepaid.

Kindly let us have your check for what its worth.

MESSRS. INGLE-SCHIERLOH  
113 East Second St.

Gentlemen:

For some years we have working on the Maryland Coal Company of West Virginia, Wendel, W. Va. in an effort to interest them in new cash register equipment. This past week we sold them a pay roll #904(3)E register as well as two multiple drawer registers for their store.

These people have been using coupons for years and I understand the cost of these coupons has been around \$60 per month. I gave them a very strong sales talk on the advantages of using your metal money and think that I have sold them on the advantages of same. I left one of your folders with them and they agreed to take the matter up direct with you immediately. They have a good sized coal commissary store doing around seventy five thousand dollars business per year and if you have not already heard from them I would suggest that you write them telling them that I had suggested their name to you. I believe you will have no trouble at all selling them direct through mail if you will send them a few sample pieces of your money as I think I have them thoroughly sold upon the advantages of metal scrap.

In this connection I believe it would be a good thing if you would mail my office a few pieces of your sample money as we operate five men out of this office and the coal business in this section is again getting better.

Hoping that you will be able to land the above firm for a nice order, I remain

Yours very truly

Dear Friend Carl:-

I certainly do owe you an apology for not keeping in closer touch with you, but the truth is I have been so crowded with details that I have been up to my neck. Expect to clean up your account now within a very few days. Expected to be able to do it before this.

When things simmer down a little and we have an opportunity to consider certain phases of the business, I probably will have a further chat with you--up to the present it has been one grand rush.

Carl, will you look up the New River Order for me and give me the dope on the material used, the wording and the cut-out. I think the number is 4620. You know the New River Co. concerns all went under different names, for instance, Cranberry Fuel Co., 3 -- White Oak Fuel Co., 4 etc. If I remember correctly they all took a cut-out shaped like a four leaf clover. I'd like to have the dope at once if you please, especially on the two concerns I mentioned and underscored above.

Thank you very much for your kindnesses in the past, which I assure you I appreciate very much.

Sincerely yours,

Gentlemen:

PRICES QUOTED ARE SUBJECT TO CHANGE WITHOUT NOTICE. ORDERS TAKEN SUBJECT TO STRIKES, TRANSPORTATION FACILITIES OR OTHER CAUSES OF DELAY BEYOND OUR CONTROL. RAILROAD WEIGHTS OF INITIAL LINE TO GOVERN SETTLEMENT.

It is our understanding that your Mr. Ingle was the originator of the Patented metal scrip machine.

Should this be the case we would thank him or you to send us a booklet or write us a letter explaining how to operate the scrip on it. The machine which we have is giving us trouble with the scrip. We would prefer some ~~185~~ illustrations showing how to reverse the scrip and ect.

If this is out of your power we would thank you to tell us where we could get this information.

Very truly yours,

Kenner Mc Coy Coal Company,

Dear Sirs:

PRICES QUOTED ARE SUBJECT TO CHANGE WITHOUT NOTICE. ORDERS TAKEN SUBJECT TO STRIKES, TRANSPORTATION FACILITIES OR OTHER CAUSES OF DELAY BEYOND OUR CONTROL. RAILROAD WEIGHTS OF INITIAL LINE TO GOVERN SETTLEMENT.

We have previously explained our supply of nichols and penny pieces of scrap.

We are enclosing a sample of our 8 1/2 pieces of scrap. This particular piece is still as all the rest, 100% to each like a penny, in real money.

We would like to know if you could make us up about 100 nichols and 100 pennies. We would like to know if you could make the 8 1/2 pieces of something other, than the sample, which we are enclosing. Any thing, so that it woud look like a penny in good money.

Very truly yours,

Dear Mr. McCoy:-

We are just in receipt of your favor of the 27th. We shall indeed be pleased to make you up a supply of 5¢ and 1¢ pieces of scrip. And under the circumstances mentioned in your letter we would suggest that the 5¢ pieces be nickeled. This will overcome the difficulty mentioned.

By we suggest also, since you state that your supply of both 5¢ and 1¢ pieces is exhausted, that your original supply called for 150 5¢ pieces and 500 1¢ pieces. It would not be amiss it seems to us for you to duplicate the same quantities. Nickels and Pennies of course will always have the largest circulation.

Thanking you for a prompt reply and assuring you that your order will have both prompt and personal attention, we are

Dear Mr. McCoy:

I have your letter of the 4th with sample piece of 1/4". We are sorry that you misread that we ship you 1/4" pieces and 1/2", 2/4" pieces.

We are inclined to believe that the "24" specification is wrong. We have never made any of this denomination and thought that perhaps either a 5¢ or 25¢ piece was intended. Let us know as to this.

I suggest also that you send us a sample of the 1/4" scrip. We can duplicate the embossed wording and piercing, that is the wording appearing on the face of your scrip, but the reverse side would carry our design and wording to conform to the West Va. 10¢ or 25¢ Statute.

We shall be pleased to give your order our best attention immediately we hear from you.

Cordially yours,

It would be a pity if you had to throw up new dies and machinery this, as most of your need being so urgent, and you had to buy new samples from the old dies that we have, reading 0.045 to 0.037 and will not be playing with it possible waste.

Gentlemen:

RE: #2114 - INGLE-SCHIERLOH CO. VS. PREMIUM  
COAL COMPANY.

We are returning this claim to you herewith.  
It is absolutely uncollectible, and there is no use  
wasting your time and ours on the item.

The Premium Coal Company was recently incorporated.  
The Kenner McCoy Coal Company assigned to it a lease from  
the Williamson Mining and Manufacturing Company. The  
Premium people had no money except what little was ad-  
vanced to them by a local coal agency. They operated  
a few days, then left the town between suns. Local  
creditors immediately obtained judgments or sued out  
attachments and took what little merchandise they had  
on hand. There is absolutely nothing left, and time  
spent trying to collect is purely wasted.

Very truly yours,

GOODYKOONTZ & SLAVEN.

Attention: Ida E. Ayer

Gentlemen:-

We have your letter of the 13th., signed Clarksburg Candy Co., stating you have no record of our invoice of November 6th or rather the transaction covered thereby. This seems indeed strange at this late date. Invoice was mailed on the date mentioned and numerous statements and several letters have been mailed you, relative thereto, likewise.

Under date of October 22, 1926 your Mr. Fetters ordered an assortment of 2300 pieces of Patented Novel Scrip to be shipped to your O'Neil Store at Wilsonburg, W. Va. (see letter and order of that date, copies of which you doubtless have in your files) which were forwarded by us via express on November 6th, triplicate invoice being mailed you on the same date.

As our terms are thirty days net, we must insist that the item be covered by your check at once, pursuant to statement enclosed.

Yours very truly,  
INGLE-SCHIERLOH COMPANY,

J. D. Schierloh.

P.S. We enclose duplicate invoice. No previous request received.

Dear Sir:-

We have repeatedly endeavored in an amicable manner to obtain settlement of our invoice covered by enclosed statement, even making draft for the amount, which draft has been returned marked "no attention".

It is difficult for us to get your attitude in this matter. Surely it is not your wish that suit be instituted to effect settlement. That however, appears to be only the one course left open for us to pursue unless remittance is mailed us forthwith.

It is certainly regrettable that gross lack of attention to this obligation should culminate in this manner, for it was sincerely our hope that our relations might be continued on a friendly basis.

We still trust that court proceedings may be avoided with the adverse publicity and additional expense that follow in their wake.

Your immediate response, with check in full, is kindly awaited.

Mr. F. H. Morton, General Manager,  
Winifrede Collieries,  
Winifrede, West Va.

Dear Sir:-

For some little time we have been associated with  
The Dayton Stencil Works Co., of this city, hence  
your inquiry of the tenth has been referred to us.

We have been engaged in the manufacture of Patented  
Metal Scrip for the past twenty years and practically  
all of the West Virginia stores are now on this basis.

You speak of deviating from a round scrip. Fortunately,  
we have just brought out an escalloped shape-- pie crust  
edge -- which we are certain will have a very strong  
appeal from the standpoint of its distinctiveness. It  
is new and in consequence there is no possible danger  
of a likely conflict with other scrip, such as does  
obtain in certain instances between the users of the  
round type.

Our scrip affords definite patented protection, which  
has made it so popular. On all West Virginia scrip,  
the reverse side carries embossed lettering in conform-  
ity with the West Va. Scrip law, and pursuant to the  
sample piece of scrip enclosed.

We submit a rough sketch of the dollar size, in the  
escalloped which may faintly convey to you how well  
the scrip would appear when so embossed.

Based upon long years of experience, we would suggest  
that for each 1000.00 Monthly scrip business, that you  
employ the following quantity of scrip, which by the  
way, we also assort as to amterials, as shown, though  
you may have one material straight through, if desired.

The list is attached hereto, together with price of each  
such assortment. We shall be very glad to serve you,  
Mr. Morton, though delivery in time for March 1st install-  
ation will mean that we must hear from you at once.

Cordially yours,

General Manager.
